Protecting Education for
Sustainable Lives

The Red Chair

La Silla Roja

La Silla Roja/ The Red Chair Campaign

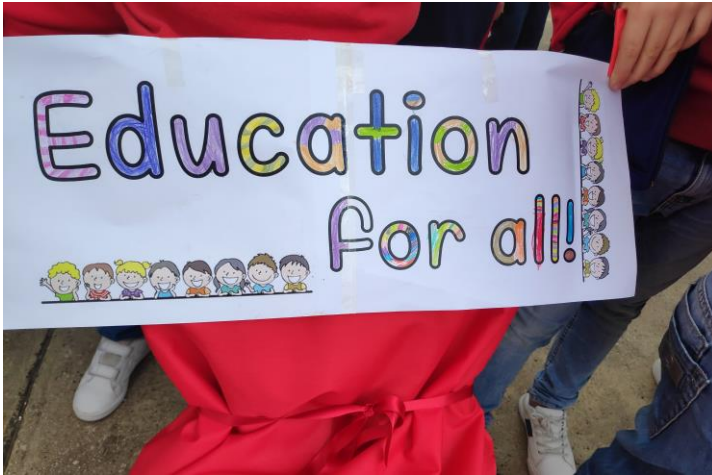

For the past three years, our school has participated in La Silla Roja, a global citizenship education campaign working to defend the right to education for over **260 million children and youth** worldwide who are out of school.

The red chair is a symbol of the right to **quality and inclusive education.**

La Silla Roja/ The Red Chair Campaign

From 2020, all around the world, the educational gap has only intensified in the midst of the **COVID-19** pandemic.

The School Student Council of St Aloysius Primary School would like to invite you to join us in an international dialogue.

How?

Here are our thoughts but which we can develop further together...

We explain what our school is usually like, and what changed during the pandemic.

We look at what our schools have in common and our differences.

Each school presents their difficulties and we discuss how we can help each other.
